

Intermediate Forestry Project Manager

This position is a full-time role based out of our Cochrane or Calgary Office.

CCI Inc. has established itself as the “go-to” company of highly qualified and experienced pipeline and environmental specialists working together as a team to bring an integrated and complementary approach to each project.

CCI offers an unparalleled diversity of work that will ensure the successful candidate is challenged and engaged. At CCI, we work hard to produce results for our clients and are rewarded for our Commitment, Collaboration and Innovation.

As CCI Inc. has been named one of the Canada's Best Managed Companies for the sixth year in a row, now is the best time to join our winning team!

Summary of Position

CCI is looking for the ultimate jack-of-all-trades that is willing to work in the field doing cutblock layout on a Monday, and head downtown in business attire for client meetings on a Tuesday. You have the innate ability to manage multiple tasks at one time and prioritize your day on the fly. You are an achiever, who thrives as you check tasks off a list. You are an effective manager of budgets and are also able to liaise with clients in person, on-line and over the phone.

The projects you will be responsible to manage have a positive impact on the environment by helping our clients make the right decisions in the field. You will work on projects that help with caribou habitat restoration, reforestation, water quality protection, saving communities from fire and minimizing the human footprint on the landscape.

Reporting to the Vegetation and Earthworks Manager, this position is a combination of both field and office work and provides a very challenging workload. This position requires a self-motivated, safety conscious individual who takes great pride in their work. You will have the opportunity to hone your education and learn from a diverse team of GIS, environmental and engineering professionals.

Accountabilities

- Project management including proposals, planning, implementation and reporting
- Ensure quality control, job organization and tracking of projects to completion
- Silvicultural prescriptions for forestry and energy clients
- Timber salvage planning
- Supervision of field activities including tree planting and heavy equipment operation
- FireSmart prescriptions and field implementation
- Grow your skillset and apply new technologies to provide the best results for clients
- Work with clients and project teams to determine project scopes, budget, schedules and deliverables
- Build relationships with potential and existing clients to help CCI grow our business
- Display the attributes that CCI values (teammate, eagerness to learn, takes initiative, versatility, ambitious and entrepreneurial)

Qualifications

Must have:

- BSc. in Forestry or Diploma in Forest Technology (or related environmental field experience) mandatory
- 5-15 years experience in forestry
- Registered (or eligible for registration) with AAFMP or similar professional association
- Field experience
- Exceptional written and verbal communication skills
- Strong organizational and time management skills
- Willingness to work in various locations throughout Alberta, British Columbia and Saskatchewan
- Ability to work independently in the field

Other Assets:

- Strong technical writer
- Experience with any or all of the following:
 - Pipeline reforestation and caribou mitigation planning
 - FireSmart planning and implementation
 - Logging supervision
 - Log haul coordination
 - Silviculture program management
 - Timber volume estimation
 - Environmental inspection of pipeline activities
 - Regulatory approvals
 - Working with Indigenous Communities
 - GHG reporting
- Resource industry training
 - Will be required to obtain defensive driving, H2S Alive, Ground Disturbance Level II, WHMIS, TDG, Bear Awareness, Pipeline Construction Safety Training, Construction Safety Training Systems and/or Petroleum Safety Training

We thank all applicants for their interest. However, only those selected for an interview will be contacted.

Please submit your resume to hr@ccisolutions.ca.
