

Director, Strategic Forest Initiatives AND Director, Forest Tenure, Trade and Economics (41219)

Director, Forest Tenure, Trade and Economics

As the Director of Forest Tenure, Trade and Economics, you will lead the management of Alberta's forest tenure system and timber revenue operations. Your expertise will be vital in maintaining and evolving the forest tenure system's standards, managing forest management agreements (FMA), and ensuring consistent implementation of the timber revenue system. You will also collaborate with government ministries and the forest products sector to support Alberta's forest products trade.

Key Responsibilities:

- Implement, maintain, and evolve the forest tenure system, including overseeing stakeholder engagement and Indigenous consultation.
- Lead the development and refinement of timber royalty legislative and operational policies.
- Collaborate with stakeholders to optimize Alberta's position within managed trade agreements.
- Provide leadership to your team, fostering innovation, staff engagement, and continual learning.

Qualifications

Minimum Requirements for these roles:

- Four year university degree (Economics, Science, natural resource management, Public Admin or related)
- Six years of applicable experience

Related experience or education may be considered as an equivalency on a one for one basis.

Director, Strategic Forest Initiatives and Policy

As the Director of Strategic Forest Initiatives, you will provide crucial leadership to the Forest Stewardship and Trade Branch (FSTB) and play a key role in shaping our division's strategic initiatives. Your responsibilities will include overseeing branch-scale program delivery, leading intergovernmental engagements, and representing Alberta within the Canadian Council of Forest Ministers system. You will also support stakeholder engagement, ensuring that our policies align with best practices and legislation.

Key Responsibilities:

- Implement, maintain, and evolve forest policy agendas and processes, including legislative and operational policy.
- Lead and mentor staff in efficient stakeholder engagement procedures for the development and review of forest policies.
- Collaborate with other government ministries and federal agencies to enhance Alberta's position in the Canadian Council of Forest Ministers and other intergovernmental forums.
- Provide leadership to your team, fostering an environment of innovation, continual learning, and staff achievement.

Qualifications

Minimum Requirements for these roles:

- Four year university degree (Economics, Science, natural resource management, Public Admin or related)
- Six years of applicable experience

Related experience or education may be considered as an equivalency on a one for one basis.
