

**Job Information****Job Title:** Senior Forester Planning**Job Requisition ID:** 56975**Ministry:** Forestry and Parks**Location:** Edmonton, Alberta**Full or Part-Time:** Full Time**Permanent/Temporary:** Permanent**Closing Date:** May 24, 2024**Salary:** \$3,019.49 to \$3,910.86 bi-weekly (\$78,808 to \$102,073/ year)**Role:**

Are you eager to enhance your skills and knowledge? Do you possess a strong interest in analyzing data, problem-solving, critical thinking, and constructing business-oriented projects? Do you envision yourself taking on roles involving leadership, coordination, education, monitoring, and offering forestry-related expertise to represent the Forestry Division within the Government of Alberta's Integrated Resource Management System partner projects, as well as representing Alberta at intergovernmental forums? If so, then we invite you to consider joining the Predictive Services Unit within the Forestry Branch!

Minimum Requirements:

University graduation (4 years) in Forestry or Natural Sciences or Natural resources a plus 4 years of progressive responsibility and directly related experience.

Equivalency: Directly related education or experience considered on the basis of:

- 1 year of education for 1 year of experience; or
- 1 year of experience for 1 year of education

Assets:

- Membership or eligibility for membership with the Association of Alberta Forest Management Professionals (AAFMP) is a requirement.
- Comprehensive experience in strategic forest management, operational timber production, silviculture, wildfire management, and forest health.
- Profound understanding of sustainable forest management principles, along with awareness of industry pressures and branch priorities.
- Exceptional ability to independently assimilate, evaluate, and prioritize information from diverse perspectives, professions, and subject areas to achieve departmental objectives and feasible outcomes.
- Outstanding capability to understand and effectively communicate complex conceptual ideas, as well as to lead multidisciplinary and multi-stakeholder groups.
- Highly skilled with a proven track record in identifying and anticipating issues, managing conflicts, and handling the impacts of political interests.
