

Log Haul Supervisor

Spray Lake Sawmills (SLS) is a family owned company ideally located in Cochrane Alberta, in the southern east slopes of Alberta between Calgary and Banff National Park. The company operates under two Forest Management Agreements and a coniferous timber quota in a highly integrated portion of the Province. Our business has been operating since 1943. We are a strong community supporter and provide direct employment to approximately 200 families. We have a standard of excellence in all we do, and have some of the best people in our industry working with us.

SLS has an opening on its Woodlands Team for a **Log Haul Supervisor**. Responsibilities include log haul scheduling, route approvals, overload reporting, cycle time analysis, securing log haul contractors and working with the harvest planners and supervisors on road planning, construction and maintenance. Familiarity with Log Inventory Management System (LIMS), GPS tracking systems, Alberta Legislation and Alberta Operating Ground Rules are an asset.

Candidates would ideally come with at least 5 years of applicable experience and have good interpersonal skills in dealing with contractors. Must have a valid class 5 driver's licence and eligibility for registration in the Alberta Association of Forest Management Professionals is an asset.

As a mid-sized company, Spray Lake Sawmills offers flexibility for a variety of experiences in career growth and development. As a successful candidate, you will be part of a progressive woodlands team with a competitive salary and benefits package.

Further background information on Spray Lake Sawmills can be obtained from www.spraylakesawmills.com.

The closing date for the competition is February 3 2023. Resumes can be sent via email to: woodlands@spraylakesawmills.com. Only candidates selected for interviews will be contacted.
