Alberta Operations Supervisor – Forestry and Construction

Reporting to the Forestry and Construction Manager, this will be a full-time, salaried position supporting our Alberta forestry and construction activities.

Location: Calgary area preferred (Downtown or Cochrane), Edmonton (negotiable).

Summary of Position:
We are looking for a high achiever that want to have a positive impact on the way our natural resources are managed. You will have a diverse workload that will include clients from industry (forestry, oil and gas, mining, utilities), municipalities and Indigenous Groups. This person should be data driven, a fast adapter of technology, and able to communicate effectively verbally and in writing to diverse audiences.

This is an office-based position that will be responsible for a group of 15 staff and an additional 10 subcontract staff (as needed).

Key Accountabilities:
- Deployment of staff, 3rd party subcontractors and equipment to meet client goals
- Providing mentorship and growth opportunities for staff
- Setting performance standards for staff and subcontractors
- Developing internal processes to increase efficiency and reduce cost while scaling for significant growth
- Building relationships with potential and existing clients to help CCI grow our business
- Wholistically looking at CCI service offerings to develop new products
- Identifying communication strategies and technologies to improve collaboration and culture throughout the organization
- Identifying and providing solutions for bottlenecks in the forestry division
- Financial analysis to increase gross margin
- Grant and proposal writing
- Supporting Project Managers with budget management
- Quality control including field inspections

Qualifications:
- 10 or more years experience working in the natural resource industry in Alberta
- Basic understanding of consulting business practices
- Data driven with the ability to utilize technology to solve problems
- A science-based diploma or degree program eligible for registration with a professional association in Alberta

Other Assets:
- 3 or more years supervising or mentoring a combination of staff and subcontractors
- Eligible for registration with the AAFMP (RPF or RPFT)
- Midstream oil and gas knowledge
- Forestry industry knowledge
- A history developing FireSmart plans
- Proven ability to collaborate with Indigenous groups
- Knowledge of Esri-based GIS products and capabilities
- Leadership and communication skills and training
CCI Benefits:

The CCI Group of Companies has established itself as a primary provider of highly qualified and experienced pipeline and environmental specialists working together as a team to bring an integrated and complementary approach to each project. We operate with integrity and ensure our clients receive service with intention.

CCI offers an unparalleled diversity of work that will ensure the successful candidate is challenged and engaged. At CCI, we work hard to produce results for our clients and are rewarded for our Commitment, Collaboration and Innovation.

CCI Inc. has been named one of the Canada’s Best Managed Companies for the seventh year in a row. Our environment team is more than 100 people strong and our company has grown to more than 250 people.

We thank all applicants for their interest. However, only those selected for an interview will be contacted.
