Job Listing Detail

LP Building Products is a leading global manufacturer of engineered wood products. At LP, creating new solutions for building is who we are. Since we pioneered our first engineered wood product, we've been continually creating better products to fit the changing needs of the building industry. LP's values-driven, positive culture creates an environment where talented and hardworking people thrive in a safe, ethical, fun, challenging and rewarding place to work. For more than 40 years, we've developed careers and provided advancement opportunities in the building products industry.

Job Purpose

To manage various facets of forestry operations and forest management. May include forest development, silviculture, harvesting, road construction, planning and wood sales/purchases

Key Responsibilities

Our Peace Valley OSB facility in Fort St. John is one of the largest such mills in the world. As a member of our team, you will be a self-motivated and high performing individual with a bias for action and safe work habits.

- Demonstrate a commitment to our safety culture by actively participating in the Safety Program and performing all duties in accordance with safety rules, regulations, and policies.
- Managing all activities associated with harvesting, including supervision of logging, road construction, maintenance and deactivation, completion of waste assessments, hazard abatement, and log quality.
- Ensure all harvesting and road construction activities are conducted in compliance with applicable Occupational Health and Safety Requirements, forestry legislation, LP's Environmental Policy, Sustainable Forestry Principles, and Best Forestry Management Practices.
- Tracking, reporting and root cause analysis of safety, quality, cost, and delivery results.
- Assisting with harvest and road construction budgets and managing costs within your specific responsibilities.
- Initiating and maintaining positive relationships with suppliers, First Nations, government agencies and other stakeholders.
- Assist with implementation of Safety Program for employees and contractors.
- Provide support on the implementation and maintenance of the Peace Valley forest certification program, as required.
- Participating in other teams projects as requested.
